

We support local economic development

About us

MozUp serves as a local center of excellence launched to develop competitive Mozambican businesses with transferable skills and knowledge that can support local economic development.

It provides a multi-stakeholder platform to assist Mozambican businesses to enter into and benefit from a wide variety of growing market opportunities including the Liquefied Natural Gas (LNG) supply chain.

MozUp works closely with local suppliers and small and medium-sized enterprises (SMEs) to prepare them to compete for local and international business. Its business services include firm-level assessments, training, mentoring, creation of networking opportunities and providing information on how to access capital.

MozUp develops competitive Mozambican businesses

As local businesses and SMEs across the country work to capitalize on and compete for growth opportunities, they seek to expand and upgrade their knowledge and systems as well as their international standards and best practices.

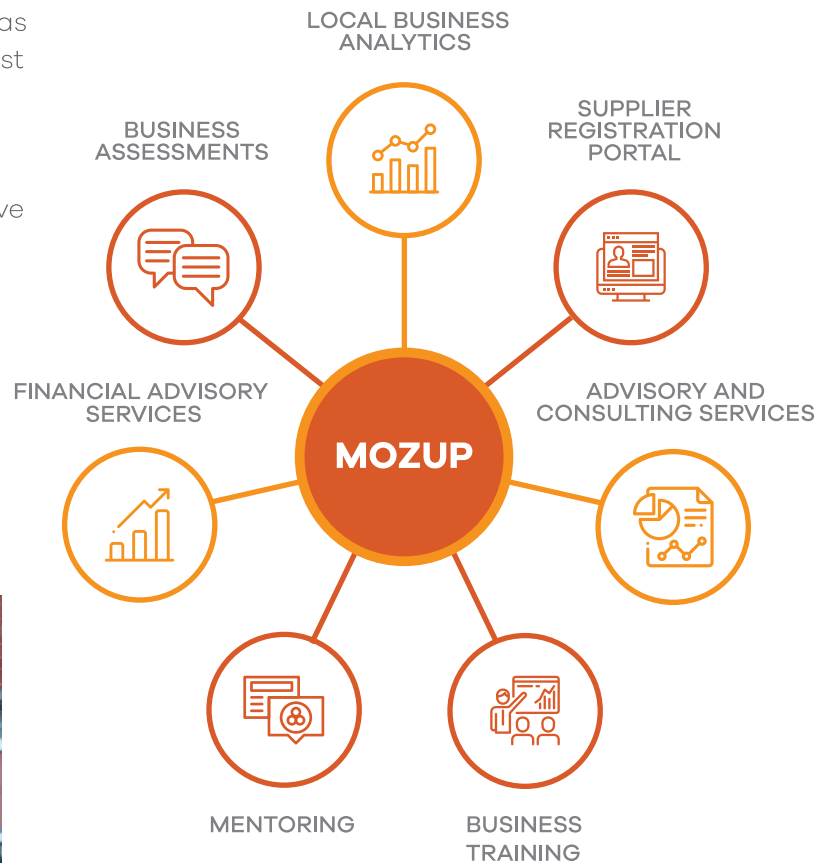

As a key part of their local content strategy, the Area 4 partners launched MozUp to serve as a center of excellence to lead and transform local enterprise development. Its mission is to provide tailored business development services to Mozambican enterprises, improving local market competitiveness and the lives of all Mozambicans.

Mozambique

Mozambique is one of the fastest growing economies on the African continent and is a nation on the rise. Thanks to the emergence of substantial natural gas resources and a wide variety of new business opportunities in mining, tourism, agriculture, retail and the service sector, Mozambique is poised for significant growth for years to come.
