

## Oil and gas seminars

### *Introduction to the liquefied natural gas industry*

MozUp's Introduction to the Liquefied Natural Gas Industry seminar provides the insight and knowledge needed for local businesses to help navigate Mozambique's continually evolving oil and gas sector.

## Introduction to the liquefied natural gas industry

This tailored half-day seminar was designed specifically to develop and educate local businesses and small and medium-sized enterprises (SME) on the oil and gas industry in Mozambique.

The MozUp seminar provides participants with:

- An overview of the Liquefied Natural Gas (LNG) lifecycle and value chain
- A summary of Mozambique's oil & gas industry development
- Highlights of Rovuma Basin LNG Project
- An introduction to potential local LNG supply chain opportunities

The seminar is open to all businesses and individuals and is free-of-charge.
